EDUCATION HISTORY

TERTIARY

BACHELOR OF SCIENCE IN INFORMATION SYSTEMS

Institution: City College of Angeles
Year of Graduation: July 2023

OBJECTIVES

- To obtain employment where I can enhance my programming skills, knowledge, and experience while contributing to the success and growth of a dynamic organization. As a passionate programmer, I seek opportunities to expand my skill set in programming languages, and I am eager to immerse myself in challenging projects that allow me to apply my expertise and stay at the forefront of technological advancements.

EXPERIENCE

WEBSITE & APPLICATION DEVELOPER INTERN

BB88 ADVERTISING AND DIGITAL SOLUTIONS INC.

March - June 2023

- Developing front-end and back-end functionalities for login and registration on both websites and in Unity.
- Creating an admin page for user accounts with a Create, Read, Update, Delete, or CRUD system operation.
- Developing a location service in Unity C# and implementing it to a dropdown button.
